Get Your Child Nurtured From The Best Minds in the Country
WELCOME TO NATIONAL PUBLIC SCHOOL, JP NAGAR

National Public School, JP Nagar is a sister Concern of well-known chain of National Public Schools in Bangalore. It’s known for world class Quality of education for over 60 years.

NPS was founded by Dr. K. P. Gopalkrishna in 1959 to prepare young impressionable minds to be globally minded citizens. With a plethora of learning opportunities and teaching practices, the schools are creating a community of empowered learners and leaders with multi-dimensional skills, advanced IT, Science, Robotic & state of art facilities for co-scholastic activities, athletic and sports facilities like Badminton, Basketball, Cricket, Football, Gymnastics etc.

Dr. K P Gopalkrishna is the founder chairman of the NPS (National Public School) and NAFL (National Academy For Learning) Groups of institutions and TISB.

NPS is known for academic excellence having a team of well trained and professional teachers with vibrant classes which consist of 30 children. The curriculum followed at all levels is flexible and enables new trends in education.

GUIDING PRINCIPLES

- NPS JP Nagar has been in the forefront, awakening minds with high standards of academic and co-curricular achievements through its excellent infrastructure.
- The pursuit of Excellence is a way of life – a habit. Our school is filled with enthusiastic students willing to learn and a community of dynamic and dedicated staff members who are committed to providing the students with quality education through our core concepts of Knowledge, Character and Health and the results of which are reflected in the overall excellence in the students.
- We encourage parental involvement which plays a vital role to lay foundation for a student’s overall development.
- To foster scientific temper within the bonds of humanism.
- To help the students become a meaningful part of their environment.
- Offers modern, holistic and integrated system of education
- To give every child the opportunity to blossom in a non-judgmental and loving environment that guides them in their pursuit of excellence.
MESSAGE FROM OUR FOUNDER CHAIRMAN

"The challenge before us today is to mould students into caring and creative human beings."

Dr. K P Gopalkrishna
Chairman, NPS Group of Institutions

The contemporary world's attention is focused on education as an instrument for nation development. One of the key factors determining the progress a country can make is the quality of human capital produced by any nation.

NPS provides high standards for educational excellence to their students. We stimulate creativity and develop problem-solving capability in each student. As a family oriented school, we believe that partnership between the family and school is the foundation of a student's fulfillment and success in later life.

All the dynamic institutions in the world today look forward to introducing and affecting a creative approach in educational curriculum. Teachers play a major role in implementing and supporting the students to gain competence in their efforts.

Our objective at NPS is to provide a happy, balanced and challenging environment where our students have the opportunity to fulfill their individual talents and goals. In parallel, we provide a wide range of cultural, sporting and co-curricular activities and a chance to exercise leadership in a sensible and respectful environment. Good schools establish a culture of 'continuous learning' amongst the teaching fraternity. It is inevitable therefore, that innovation, creativity and problem solving abilities will be central in a fast developing world.

MESSAGE FROM OUR PRINCIPAL

"I believe my role as an educator is to guide and nurture the next generation to establish skills to achieve health, respect, prosperity & fulfillment."

Aracha Sinha
Principal, NPS J P Nagar

Teaching is a mutual learning process from students, colleagues, parents, and the entire system. This is a lifelong process where you discover new strategies, new ideas, and new philosophies. Over time, my educational philosophy will evolve, grow and help us learn new things. In today's dynamic world, each of us must adapt ourselves to this life-long learning process.

I am passionate about students being empowered to succeed. As Principal, I use all tools available to inspire students and community to work together to promote student achievement, technological aspirants and pay heed to holistic development and social well-being.

Safeguarding the interests of your child while surfing online is the need of the hour and this demands a detailed and comprehensive plan of action. The parents must compulsorily adhere to such measures to protect their children and not fall prey to scams, cyber bullying, online predators in the World Wide Web.

I am an ardent supporter of effective and innovative professional development that encourages teachers to be reflective and to continuously examine our practice to provide quality teaching and learning for each student. I aim to enthuse and challenge staff and students to also be inventive and imaginative in their learning and day to day tasks.

I believe that having inspirational and passionate teachers is essential for a school's success. I enjoy celebrating successes and acknowledge hard work of staff, students and community and believe this is one of the best contributes to fundamental happy school environment. They should feel valued and appreciated at school.

Give Your Child the NPS Advantage
OUR ETHOS

MISSION

21ST CENTURY SKILLS
Continuously evolve teaching learning strategies to equip students with skills and competencies to provide a plethora of opportunities to all students to develop the 21st century skills to transform them selves into value driven versatile well-grounded individuals.

ENHANCE STAFF COMPETENCIES
Enhance staff competencies through rigorous professional development programs laying emphasis on teacher training and leadership training.

ENHANCE IT INFRA & RESOURCES
Enhance IT infrastructure and resources to augment student learning and assessments across scholastic and co-scholastic

BUILD CONSTRUCTIVE RELATIONSHIPS
Continue to build constructive relationships with all our stakeholders thereby creating a positive school climate which helps to extend a caring school community.

VISION
Empowering children through numerous learning opportunities and best teaching practices, we strive to develop socially responsible, independent, knowledgeable, lifelong learners and leaders, equipped with multi-dimensional skills, values and integrity to positively impact and contribute as Global Citizens.

NPS - BEST PLACE FOR YOUR CHILD’S EDUCATION

NPS JP Nagar is a progressive school that believes in “Education for Life”. The school embraces diversity and promotes a safe, healthy and nurturing environment for students, where they feel valued, loved and cared for. In the pursuit of excellence, the school sets high standards of achievement for its students in academic, co-curricular and extra-curricular activities, enhance their social skills and inhibit values and tradition through various cultural activities.

SCHOOL LIFE @ NPS JP NAGAR
A good school life isn’t only about being academically strong, but it should also nurture thinking out of the box, being creative and innovative. Students should feel that they are cared for and encouraged to pursue different interests and hobbies.

At NPS JP Nagar, students are motivated to be independent thinkers with deep interests in areas such as art, music, sports, leadership skills, and showcase inbuilt talents through theatre, dance and drama. We believe that this perfect mix of intellectual and creative stimulation makes our students develop holistically in all areas of development and become successful, innovative and future ready individuals.
It is our belief that the success of an educational institution should be measured by the value it adds to each individual.

The school's academic goals can be summarized as follows:
- To qualify every student for entrance into colleges/universities around the world.
- To provide a well-rounded education based on a mastery of English, Mathematics and Science.
- To enable students to benefit from a trilingual educational system.
- To train students in logical reasoning and critical thinking.
- To prepare students to be future ready out in the competitive world.

Early Years Programme
Nursery
In NPS we follow both Montessori and Kindergarten methods of teaching through integrated curriculum, as these are the ‘Foundation Years’ during which early linguistic and arithmetic basics, scope for creative play and expression, physical fitness and constructive socialization are stressed upon to build childhood competencies.

The Primary School Programme
Grades I to V
The Primary School comprises of Grades I to V. The Teaching pedagogy of these years focuses on developing the intellectual capabilities. Students of primary school are encouraged to participate in a lot of extra-curricular activities.

The Middle School Programme
Grades VI to VIII
At Grade VI to VIII, the programme is designed as a pre-CBSE foundation level programme in which several of the skills stressed in the CBSE are developed early. The academic programme promotes breadth of study, that is invaluable to students as they prepare for Grades IX and X.

The Senior School Programme
Grades IX and X
As students progress through the senior years, we expect them to become increasingly independent learners with an interest in setting personal academic goals. The High School also provides training to enhance communication skills and encourages students to participate in a wide range of inter-house and inter-school competitions in cultural and sporting activities.
SPORTS CENTRE - INDOOR & OUTDOOR

The Indoor NPS Sports Centre ignite the potential of every student to follow their chosen path. Apart from outdoor play area, we also have a Sports Centre that offers a range of indoor games including:

- Basketball
- Badminton
- Skating
- Gymnastics
- Kickboxing
- Archery

Outdoor Sports Centre provided in Talent Time are a vehicle for the development of self and a tool to instill the right spirit of sportsmanship. The school benefits from a team of expert professional coaches. The prime outdoor sports offered through Talent Time are:

- Athletics
- Handball
- Football
- Volleyball
- Net Cricket

CO-SCHOLASTIC PROGRAMME

ART

The art room facilitates and motivates students to dive deep in colours, form and textures. This opportunity of playing with colours encourages sensitivity among students and boosts emotional growth. In NPS, art is not only a creative form, it’s a channel to sensitize social issues and social and environmental awareness.

MUSIC

Many studies have found a correlation between music and academic excellence. At NPS, music is a vital part of the curriculum. As students engage themselves in the world of music, they develop the finer aspects of their personalities.

DANCE

Dance is one of the most loved co-curricular activities. Students are taught diverse forms of Indian classical dances, folk dances and contemporary styles.

PHYSICAL EDUCATION

All year groups have PE classes slotted in the timetable. It plays a central role in supporting the ethos of the school. NPS believes that through Yoga we can make our students live healthier and can increase their capacity to learn effectively, manage challenging emotions and achieve personal and academic success.
Some Wonderful Memories from an exciting school year 2021-22

PARENT TESTIMONIALS

Dr. Umakantha & Mrs. Anuradha Adiga
Parents of Avani Adiga

What we like most about NPS JP Nagar is the fact that there are so many co-curricular activities happening even when the students are online. During the last 2 years, there were a lot of online classes where they were not only to study but actively participated in other activities such as cooking, drawing. They were awarded participation certificates which gave them a sense of accomplishment. My kid is very happy with NPS. It is one of the best schools I have seen that is very organized, methodical. Communication is flawless & everything is asked beforehand which makes it very comfortable for us.

Mr. Rajeev Ranjan & Mrs. Preeti Gupta
Parents of Amithi Priya & Anika Priya

My kids are always ready to come to school. It’s not like they consider homework a burden & don’t want to do it. They actively take it up & finish it with enthusiasm. We are glad to see them enjoy doing it. The classes are interactive & there are unique activities done for each subject which I believe helps the kids grasp the concepts better. They also look forward to celebrating special days at the school as there are fun-filled activities waiting for them. We also eagerly listen to them as they share all the fun, learning from each day.
NPS, JP Nagar is fully-equipped with labs, where children can conduct experiments, view live specimens and use tools to observe and decipher their observations. Experienced lab assistants and teachers create an effective teaching-learning environment for the students.

**FACILITIES**

- **Science Labs**: Our labs bring learning to life as students get to explore, experiment and form their conclusions practically.

- **Library**: The school has provided students with a library architecture that is inspirational and conducive to learning, improved communication and

- **Mathematics Lab**: With our fully-equipped mathematics lab students can access the study materials for performing different mathematical experiments.

- **Computer Lab**: Information technology has become integral to every walk of life. With fully-equipped computer lab, we expose students early to computer education.

- **Robotics Lab**: Integrating robotics into our curriculum fulfills the need of present-day learning environments where our future leaders need to be technologically sound.

- **Safety, Security School ERP**: Security is a priority at NPS JP Nagar and the entire campus is secured by CCTV & trained security personnel.

**Coming Soon!**
