## Sri Rama Betta Trekking - 8<sup>th</sup> October, 2022

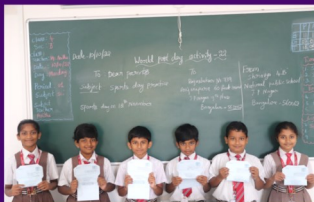

"To walk in nature is to witness a thousand miracles" - Marie Davis

The students of grade 1 to 9 had an enthralling experience of trekking at Sri Rama Betta on 8<sup>th</sup> October, 2022. All the students were enthusiastic and they followed their teachers through the meandering trail of steep and winding tracks. Some ran up ahead, others walked at their own pace. There was laughter, banter and a bubbling excitement in everyone's eyes. Throughout the day, all the students sauntered through the woods and rejuvenated themselves by rebuilding their relationship with nature. It not only helped them reconnect with their inner selves but also develop endurance and confidence within themselves.

"To write is human; to receive a letter is divine".

"Diwali is about setting goals, not accumulating gold. As Lakshmi comes from Lakshya, meaning Goal."

The Universal Postal Union was the start of global communication revolution. In India the first post office was established in the year 1764 and today The Indian Postal Services have been serving the nation for decades while ensuring that people in remote corners of the country are also not left alone. To commemorate World Post Day, the students were engaged in various activities. They were sensitized about the working of the Postal Department of the country. They also wrote an inland letter to their loved ones and posted the same.

## World Post Day - 10th October, 2022

Handwritten letters will never be old-fashioned because they make feelings come alive. Children wrote a letter to their loved ones instead of using technology to celebrate World Postal Day.

A post box is officially known as collection mail box but for us, on world post day it has come out as a collection of love and affection from children towards their parents.

Cute children have adored their fondness in the inland letter and posted it. Students in a playful way learned the importance of post office, post-box and post man.
