Welcome to

NATIONAL PUBLIC SCHOOL JP NAGAR

National Public School JP Nagar is a sister concern of well-known chain of National Public Schools in Bangalore. It's known for it's world class quality of education for more than six decades.

NPS was founded by Dr. K. P. Gopalkrishna in 1959 to prepare young impressionable minds to be globally minded citizens. With a plethora of learning opportunities and teaching practices, the schools are creating a community of empowered learners and leaders with multi-dimensional skills, advanced IT, Science, Robotic and state-of-art facilities for coscholastic activities, athletic and sports facilities like Basketball, Cricket, Football, Gymnastics, Badminton, Skating and more.

Dr. K. P. Gopalkrishna is the founder chairman of the NPS (National Public School) and NAFL (National Academy for Learning) Groups of institutions and TISB. NPS is known for academic excellence, having a team of well trained and professional teachers. The curriculum followed at all levels is flexible and enables new trends in education.

GUIDING PRINCIPLES

- NPS JP Nagar has been at the forefront, awakening minds with high standards of academic and cocurricular achievements through its excellent infrastructure.
- The pursuit of excellence is a way of life, a habit. Our school is filled with enthusiastic students willing to learn and a community of dynamic and dedicated staff members who are committed to providing the students with quality education through our core concepts of Knowledge, Character and Health and the results of which are reflected in the overall excellence in the students.
- We encourage parental involvement, which plays a vital role in laying the foundation for a student's overall development.
- To foster scientific temper within the bonds of humanism.
- To help the students become a meaningful part of their environment.
- Offers modern, holistic and integrated system of education.
- To give every child the opportunity to blossom in a non-judgmental and loving environment that guides them in their pursuit of excellence.

MESSAGE FROM OUR FOUNDER CHAIRMAN

"The challenge before us today is to mould students into caring and creative human beings."

Dr. K. P. GOPALKRISHNA

CHAIRMAN, NPS GROUP OF INSTITUTIONS

The contemporary world's attention is focused on education as an instrument for nation development. One of the key factors determining the progress a country can make is the quality of human capital produced by a nation.

NPS provides high standards for educational excellence to their students. We stimulate creativity and develop problem-solving capability in each student. As a family oriented school, we believe that partnership between the family and school is the foundation of a student's fulfillment and success in later life.

All the dynamic institutions in the world today look forward to introducing and affecting a creative approach in educational curriculum. Teachers play a major role in implementing and supporting the students to gain competence in their efforts.

Our objective at NPS is to provide a happy, balanced and challenging environment where our students have the opportunity to fulfill their individual talents and goals. In parallel, we provide a wide range of cultural, sporting and co-curricular activities and a chance to exercise leadership in a sensible and respectful environment. Good schools establish a culture of 'continuous learning' amongst the teaching fraternity. It is inevitable therefore, that innovation, creativity and problem solving abilities will be central in a fast developing world.

MESSAGE FROM OUR MANAGING DIRECTOR

*"With unwavering dedication,
we nurture bold minds to lead,
innovate, and shape a
better tomorrow."*

MR. PRAMOD SRINIVAS
MANAGING DIRECTOR , NPS JP NAGAR

I have always believed that a strong and future-ready education system is the most powerful investment we can make in the next generation. It's not just about academic success it's about empowering young minds to think critically, innovate fearlessly and adapt confidently in a rapidly evolving world.

For me, education is a mission one that shapes not only individuals but also societies. When students are given a solid foundation, they grow into agents of meaningful change, driving progress in both social and economic spheres. Education should resonate deeply with student's experiences, their challenges and their aspirations. It should inspire them to think independently, act with purpose and contribute meaningfully to the world around them.

I am committed to creating an environment where students are not just taught, but truly transformed. Our educators are not only knowledgeable, but also passionate, dedicated and visionary in their approach. Together, we aim to equip our students with the skills, values and mindset they need to navigate life with clarity, courage and conviction.

Our school motto "Reach Out, Reach High, Reach Beyond" is more than a phrase. It is a call to action, a reminder to strive for excellence with integrity and determination. We encourage our students to aim high, push boundaries and move beyond what is expected.

To the parents who walk this journey with us, I extend my sincere gratitude. Your involvement, support and trust are invaluable. Together, we are building more than a school we are shaping the future, one learner at a time.

MESSAGE FROM OUR DEAN

"Education is not just about learning facts, but about shaping identity, nurturing values, and empowering students to thrive as resilient, thoughtful global citizens."

HARSHITHA KUMAR
DEAN, NPS JP NAGAR

At the heart of education lies the power to transform lives not only through academic achievement but through the development of character, curiosity and critical thought. As Dean, my focus is to ensure that every student is nurtured, challenged and inspired to reach their fullest potential.

I believe education goes far beyond the acquisition of knowledge. It is a powerful journey that shapes identity, instils values, nurtures curiosity and equips students with the emotional, cognitive and social skills that they need to thrive. At the core of our philosophy is a commitment to purposeful learning that challenges each child to develop independence, discipline, resilience and self-belief. Our academic programs are thoughtfully crafted to promote inquiry, creativity and adaptability. Beyond academics, we place strong emphasis on values, discipline and interpersonal development, guiding students to grow into responsible, compassionate global citizens.

Our teachers are not just educators; they are mentors who guide students through their journeys. When students face challenges whether emotional, social or academic our faculty works closely with them to find solutions and offer guidance. We focus on developing each student's character, ensuring they learn the importance of empathy, perseverance and discipline. Our commitment is to ensure that students not only succeed academically but also grow into well-rounded, responsible individuals. They take strong pastoral care and collaborative community create an environment where students feel supported and empowered to grow not only as learners but as leaders. We are committed to transforming the potential of bright, curious minds into compassionate, courageous, and visionary individuals leaders who are not only successful, but also deeply human. We encourage our students to show empathy, to practice gratitude and to use their gifts to uplift others and serve society.

As we move forward together, we are united in our mission to develop the next generation of leaders who will shape a better world with intelligence, purpose and heart.

MESSAGE FROM OUR PRINCIPAL

"Learning is not confined to books; it happens in every conversation, every challenge, every choice."

ARACHA SINHA
PRINCIPAL, NPS JP NAGAR

As an educator and Principal, I believe that "Great things are achieved only when thoroughly and persistently attempted." For me, education is not just a profession it is a lifelong passion. I see it as a profound journey, one that extends far beyond the pursuit of knowledge. True education nurtures character, cultivates values and shapes individuals who are confident, compassionate and prepared for life.

I believe learning must go beyond the classroom. It should involve reflection, real-world application and holistic development. Each day presents students with opportunities to grow not just academically, but socially and emotionally. I aim to create an environment where every learner is actively involved, challenged to think critically, encouraged to communicate effectively and supported in building emotional intelligence.

With the support of a passionate and dedicated team, I strive to promote active student participation across all areas of school life academic, social and extracurricular activities. Learning, in my view, should be engaging and immersive. I value strategies that spark curiosity, inquiry-based approaches, hands-on experiences, and collaborative exploration. These methods help students become not just informed, but deeply involved.

At our institution, discipline forms the foundation for a respectful and focused learning environment, guiding students toward responsibility and integrity. Our school culture nurtures inclusivity, collaboration and excellence, creating a space where every individual feels valued. Emotionally, these principles are deeply connected when students feel secure and supported, they grow not just academically, but as compassionate, confident individuals.

I also hold firmly to this truth: words alone do not inspire trust. It is the everyday actions we take, the consistency of our commitment, and the outcomes we deliver that define who we are. That is the standard I set for myself and the culture I strive to cultivate every day.

OUR VISION

Empowering children through numerous learning opportunities and best teaching practices, we strive to develop socially responsible, independent, knowledgeable, lifelong learners and leaders, equipped with multi-dimensional skills, values and integrity to positively impact and contribute as Global Citizens.

OUR MISSION

- Continuously evolve teaching learning strategies to equip students with skills and competencies in preparation for their entry into a world beyond School
- Provide a plethora of opportunities to all students to develop the 21st century skills to transform themselves into value driven versatile well-grounded individuals
- Enhance staff competencies through rigorous professional development programs laying emphasis on teacher training and leadership training
- Continue to build constructive relationships with all our stakeholders thereby creating a positive school climate which helps to extend a caring school community
- Enhance IT infrastructure and resources to augment student learning and assessments across scholastic and co-scholastic areas
- Strive towards impacting the community undertaking outreach initiatives and environmental projects in the neighbourhood.

FOSTERING YOUNG PIONEERS

ELEVATE LEARNING

"We believe that the true measure of an educational institution's success lies in the value it brings to each student."

The school's academic objectives can be summarized as follows:

- ▶ To equip every student with the qualifications needed for admission to colleges and universities across the world.
- ▶ To deliver a comprehensive education rooted in mastery of English, Mathematics, and Science.
- ▶ To foster proficiency in a trilingual educational system.
- ▶ To develop students' skills in logical reasoning and critical thinking.
- ▶ To prepare students to be future-ready in a competitive global environment.

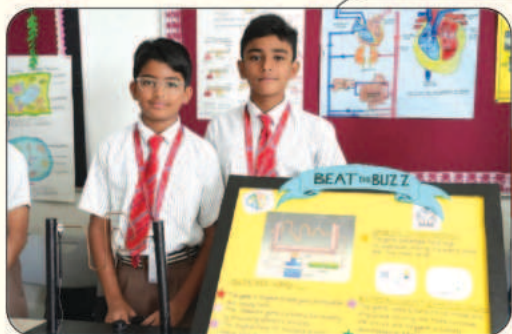

SCHOLASTIC PROGRAMME

EARLY YEARS PROGRAMME NURSERY

We blend Montessori and Kindergarten methods to build strong foundations in language, math, creativity, and social skills. Through play and guided learning, children develop essential competencies for lifelong success.

THE PRIMARY SCHOOL PROGRAMME GRADE I TO V

The Primary School (Grade I to V) focuses on developing students' intellectual abilities through engaging teaching methods. Alongside academics, students actively participate in a variety of extracurricular activities to foster creativity and confidence.

THE MIDDLE SCHOOL PROGRAMME GRADE VI TO VIII

Grade VI to VIII follow a pre-CBSE foundation program that builds essential skills aligned with the CBSE framework, ensuring early mastery. This comprehensive curriculum promotes a broad range of subjects, equipping students with the knowledge and confidence needed for success in Grade IX and X.

THE SENIOR SCHOOL PROGRAMME GRADE IX AND X

Grade IX and X follow the CBSE curriculum, focusing on in-depth knowledge and critical thinking to prepare students for the board exams. Teaching methods emphasize conceptual clarity, practical learning and regular assessments to ensure academic development.

THE SENIOR SECONDARY SCHOOL PROGRAMME GRADE XI AND XII

Following the CBSE curriculum Grade XI and XII offer specialized streams: Science and Commerce to prepare students for higher education and career paths. The teaching approach combines in-depth theoretical knowledge with practical applications and skill development to ensure academic excellence and future readiness.
