HINDI SPEAKING SKILL

Our students showcased their confidence and fluency in the recently held Hindi Speaking Skills Competition. Through engaging poems, stories and short speeches, the participants expressed themselves beautifully. The event not only honed their language skills but also nurtured a deeper love and appreciation for Hindi.

GRAND PARENTS DAY

Grandparents' Day was celebrated joyfully with our Pre-Primary children through songs, dances and fun games. The little ones, along with their grandparents, shared laughter and happy moments together. As a token of love, saplings were gifted, spreading the message of care and growth across generations.

CELEBRATION OF GODDESS

The campus was filled with excitement and cultural vibrancy as students observed Dussehra, symbolizing the victory of righteousness over negativity. Through lively folk performances and interactive sessions, students embraced the festival's traditions while celebrating its timeless message of good prevailing over evil.

WINGS OF WONDER

Our Pre-primary children had a delightful outing to the Butterfly Park. The little ones were thrilled to watch the colorful butterflies fluttering around and enjoyed exploring the beauty of nature. The visit was filled with excitement, curiosity and smiles, making it a truly memorable experience.
