MUN

NPS JP Nagar Intra-School Model United Nations on December 10, 2025, dazzled with 100+ students from higher grades debating global issues in UNGA, UNHRC, UNSC, and UNGA committees. The event featured thrilling crisis simulations and an inspiring keynote.

MATH DAY

What an extraordinary Math Day we had on 12th December, 2025! Our campus buzzed with excitement as students from Pre-Primary to Grade 10 dove into a world of puzzles, patterns and possibilities. This event wasn't just fun—it reinforced curriculum goals, sharpening logical reasoning and problem-solving skills through hands-on magic.

CHRISTMAS CELEBRATION

Our pre-primary little stars twinkled brightly during the joyous Christmas celebration on December 24, 2025, transforming the school into a winter wonderland with twinkling lights and festive decorations. Tiny tots dressed in Santa hats sang merry carols, enacted the nativity story using adorable handmade props, crafted sparkling ornaments, and danced gleefully around a beautifully adorned Christmas tree filled with their creative gifts.

GOD'S OWN COUNTRY

Our school students embarked on an enriching excursion to Kerala, exploring its lush landscapes, vibrant culture, and historical landmarks. They actively learned about local ecology, traditional arts, and sustainable practices through guided tours and interactive sessions. The trip was filled with joy as students bonded, created lasting memories, and returned inspired by their immersive experiences.
