NATIONAL YOUTH DAY

National Public School JP Nagar exuberantly marked National Youth Day on January 12, 2026, honouring Swami Vivekananda's legacy through dynamic sessions on inner strength and nation-building. Students immersed in inspirational discourses, mindfulness practices, and team-building exercises rooted in Vivekananda's mantra of fearlessness and character. Memorable moments featured student-driven performances on "Strengthen the Mind" and creative writing contests, nurturing ideals of moral courage and innovation.

EDUCATIONAL EXCURSION

Alaam Nursery excursion enchanted our Pre-Primary little explorers, blending nature's wonders with hands-on learning on plant life cycles and sustainability, perfectly aligning with early childhood goals. Toddlers joyfully planted seeds, observed butterflies in their habitat, and harvested fresh veggies during interactive tours led by expert guides. This delightful outing sparked curiosity and environmental stewardship.

MAKARA SANKRANTI CELEBRATION

Pre-Primary to Grade 2 wings soared into festive cheer during Makara Sankranti celebrations on January 13, 2026, embracing tradition with vibrant rangoli, and cultural songs. Tiny tots gleefully flew colourful kites in the school playground, cheering each other's sky-high flights amid laughter and friendly competitions. This joyful event fostered community spirit and sensory learning.

SPARKLE

Our annual Inter-School Sports Fest exploded with energy as teams from 48 neighbouring schools competed fiercely in a thrilling lineup of track and field events. Students showcased grit and teamwork under the sun, cheering each other on amid gymnastics, yogasana, and many other—turning the grounds into a vibrant arena of sweat, smiles, and sportsmanship. What a day of heart-pounding action, new friendships, and valuable lessons in perseverance, with our hosts clinching the overall trophy!

ART INTEGRATED EXHIBITION

Our school's "Karnataka's Treasures" Art-Integrated Exhibition was a riot of colour and culture, with students of all grades exhibiting one famous landmark, festival, or tradition from each of Karnataka's 31 districts! From Hampi's ancient ruins in Ballari to Mysuru's grand Dasara, Uttara Kannada's beaches to Belagavi's spicy delights, kids brought the state alive through vibrant murals, 3D clay models, state dances like Yakshagana —blending art, history, and geography in a fun-filled learning adventure that sparked joy, teamwork, and lasting knowledge of our heritage.

REPUBLIC DAY

Students from Classes III-XI led a spectacular march past in the school ground, their precise drills and fluttering tricolours echoing national unity under the rhythmic school band. Primary wing children enchanted all with adorable flag-bearing formations, blending discipline with innocence. The importance of the Constitution's timeless values of justice, liberty, and equality, is addressed to inspire youth to build a stronger India. The event featured vibrant programs like choral anthems, an origami craft session, and a constitutional quiz. It concluded with a unifying pledge, leaving hearts filled with patriotic zeal.

VISVESVARAYA INDUSTRIAL AND TECHNOLOGICAL MUSEUM

Our school students dove into a world of innovation during their educational excursion to the Visvesvaraya Industrial and Technological Museum, where they were widely exposed to captivating exhibits on science, engineering, and technology—from roaring dinosaur skeletons and interactive robotics to mind-bending physics demos, fun house mirrors, and electrifying Tesla coil shows! Classes 5 to 7 buzzed with excitement, tinkering with gears in the machinery hall, experimenting with electricity, and marvelling at space artifacts, thoroughly enjoying every moment while igniting their passion for STEM through hands-on discovery and joyful learning.

JAWAHARLAL NEHRU PLANETARIUM

Our school students embarked on a stellar educational excursion to the Jawaharlal Nehru Planetarium, where they were thoroughly exposed to the mysteries of the universe through mesmerizing sky shows, interactive exhibits on constellations, black holes, and space exploration. Wide-eyed with awe, the young explorers gasped at the domed theatre's twinkling stars capes, asked endless questions to and even tried stargazing simulations—turning a day of cosmic discovery into pure joy, sparking lifelong curiosity about astronomy while blending fun with profound learning.

ADHYAPAN

Our students dove into the joyous "Adhyapan" session, thoroughly enjoying interactive games like puzzles, team challenges, and creative relays that blended play with pedagogy amid waves of laughter. Senior student mentors stepped up with enthusiasm, guiding younger students through activities, explaining concepts, and cheering them on to build confidence and spark curiosity. Eager and inspired, grateful juniors took home engaging worksheets as homework, turning memorable bonds into lasting lessons while ready to pay it forward.

START UP SPRINT

The "Start Up Sprint" electrified our halls as young entrepreneurs from classes 6 to 11 pitched and demonstrated their innovative ventures, from an automated data-driven irrigation system and centralized audit management platform to a sustainable fashion line, biotechnology breakthrough, teen fitness app, bean-to-bar chocolate brand, AI-powered aerospace commerce tool, youth fashion hub, electronics refurbishment initiative, and simulation-based entrepreneurship trainer! With handmade prototypes, sharp market analyses, and live demos, these trailblazers captivated judges and peers, mastering pitching, sustainability, and real-world problem-solving in an inspiring leap toward entrepreneurial stardom.
