ADHYAPAN

The academic session 2026–27 began on an exciting note with the first Adhyapan Session on campus, bringing together students from Grades 1 to 4 for a joyful and interactive learning experience. Young learners explored the mathematical concepts of “Tall and Short” and “More and Less” through engaging activities thoughtfully designed and facilitated by their student mentors. With hands-on tasks, lively interactions, and plenty of enthusiasm, the little learners discovered that mathematics can be fun, meaningful, and full of wonder! The session beautifully reflected the spirit of peer learning, where older students took on the role of mentors and younger ones learned through participation, exploration, and play. It was a vibrant beginning to Adhyapan this year—where learning came alive and every interaction became an opportunity to grow!

SOCIAL STUDIES DEBATE

An SST debate competition was organized in the school on the thought-provoking topic “Brain Drain: A Challenge or an Opportunity?” Students from Grades 3 to 5 enthusiastically participated and confidently presented their views. The young speakers showcased excellent communication skills, critical thinking, and a sound understanding of the topic. Some students highlighted the challenges of brain drain, such as the loss of skilled talent and its impact on national development, while others emphasized the opportunities it creates through global exposure, knowledge exchange, and economic growth. The debate encouraged students to think analytically, express their opinions effectively, and respect diverse perspectives. The event was both informative and inspiring, making it a valuable learning experience for all participants.

PATRIOTISM DAY SPECIAL ASSEMBLY

Patriotism Day Special Assembly was celebrated with great enthusiasm and patriotic fervour as the young learners from Pre-Primary to Grade 2 came together to honour the spirit of our nation. The little ones brought the lives and legacies of great Indian heroes to life by portraying inspiring personalities such as Mahatma Gandhi, Dr. A.P.J. Abdul Kalam, Kittur Rani Chennamma, and several other distinguished freedom fighters and national icons. The special assembly was a vibrant blend of dance, music, skits, and inspiring speeches, showcasing the students' confidence, creativity, and love for the country. The heartfelt performances not only entertained the audience but also instilled in our young learners a deep sense of patriotism, courage, unity, and pride in India's rich heritage.

INDEPENDENCE DAY

Independence Day Celebration was commemorated with great pride and patriotic fervour by the students from Grade 3 to Grade 12. The celebration began with a spirited parade, as the students marched with discipline and enthusiasm, filling the field with an unmistakable sense of national pride. The occasion was honoured by our esteemed Chief Guest, Dr. Captain Suresh, Former Medical Officer, whose inspiring presence and motivational address encouraged the young minds to uphold the values of courage, discipline, service, and patriotism. His words resonated deeply with the students, while the vibrant parade and enthusiastic participation created an atmosphere charged with a loud and resounding patriotic spirit, making the celebration a memorable tribute to the nation and its heroes.

HEALTH AND LIFESTYLE AWARENESS

A Health and Lifestyle Awareness Session was conducted by Mr. Rishi Barman, a Certified Coach, who guided the teachers on various aspects of maintaining a healthy and balanced lifestyle. His insightful session highlighted the importance of physical well-being, healthy habits, mindful living, and maintaining a positive approach towards everyday life, empowering the staff with practical guidance to make healthier lifestyle choices.

SPORTS DAY

Sports Day was celebrated with great enthusiasm, energy, and sporting spirit as students from all grades participated wholeheartedly in a wide range of exciting events, including the hurdle race, parachute dance, Lezim, and many more. The session commenced with an impressive March Past, setting the tone for a day filled with discipline, teamwork, and healthy competition. Our young learners enthusiastically showcased their skills and learning outcomes, displaying remarkable confidence, coordination, and sportsmanship. The four houses competed with great zeal and determination, striving to outperform one another and earn valuable points for their teams. The vibrant atmosphere, enthusiastic cheers, and spirited performances made the day a memorable celebration of fitness, teamwork, perseverance, and the joy of sports.
